SPEAKER PROFILES

Ar Chan Seong Aun

MalaysiaGBC President 2018-2019

Ar Chan is a senior practicing Architect and Director of Arkitek Daya Seni Sdn Bhd, an architectural firm established in 1984. He was a member of the SIRIM working committee that updated MS 1525:2001 to its latest 2007 version. He is the President of PAM and also PAM representative on the CIDB Working Committee that updated QCLASSIC to CIS7:2006 its 2006 version. He has represented PAM in various committees in KPTK, KTAK and SIRIM and he is also one of the members of MGBC. Ar Chan is the team leader for the GBI Residential Tool.

Vance Sim

Arup Façade Engineering Group Singapore

Vance Sim is an Associate with Arup Façade Engineering Group Singapore. His hands-on experience of all processes at both site and fabrication, which he gained during his early years in the industry, had given him a broad base knowledge on design, production and site issues. With this broad based knowledge of the façade systems and processes, combined with his exposure to various building owners and managing agents, he has gained an edge to tailor specific strategies with stakeholders to complete projects in a cost-efficient and timely manner. His versatility extended his exposure into commercial, retail, residential, hospitality projects and retrofitting existing buildings, dealing with complex free-form geometry façades, high performance curtain wall systems, metal facades systems, and existing façade systems.

Vance's experience with retail buildings had also led to an interest on the façade design of retail shopfronts with renowned international brands.

SPEAKER PROFILES

Dato Chan Wah Kiang

Ajiya Berhad

Dato' Chan Wah Kiang graduated with a Bachelor of Science (majoring in Chemistry and Biology) from Campbell University, USA in 1983. He started his career working as Technical Chemist with a paint manufacturing company in 1984; moved on to a metal roofing manufacturer as Quality Assurance & Assistant Plant Manager until 1989.

In 1990, he co-founded Asia Roofing Industries Sdn Bhd to manufacture metal roll form products and successfully listed the company under AJIYA Bhd on 2nd Board of Kuala Lumpur Stock Exchange (now Bursa Malaysia) in 1996, and later Main Market in 2003. He then co-founded AJIYA Safety Glass Sdn Bhd, which has become the leading safety glass processor in ASEAN region.

Dato' Chan is Group Managing Director of AJIYA Bhd, he is also Panel Member of Industry Expert Advisory Panel for TAR College (TARC) Johor Branch, Politeknik Port Dickson and UCSI University. He was Guest Speaker for HELP Master of Entrepreneurship on 16/05/2017 organised by HELP University ELM Graduate School (ELMGS), and CPD Seminars Short Talk for IEM Southern Branch and Modern Methods of Construction Conference – 7th Annual Modular & Precast Construction recently on 24/07/2018

Ar Serina Hijjas

MalaysiaGBC Vice President 2018-2019

Ar. Serina Hijjas is the Director of GBI Facilitator Course, a senior practicing Architect and Director of Hijjas Kasturi Associates Sdn, an architectural practice based in Kuala Lumpur. Ar Serina graduated from Bartlett School of Architecture and University of Sydney followed by a three year working stint with Foster & Partners. Ar Serina has been practicing for 20 years with an active interest in the area of Energy Efficiency and Sustainability and has received three Asean Energy Efficiency Awards for Telekom Malaysia Headquarters Building (2005), Securities Commission HQ (2003) and the Putrajaya International Convention Centre.

Ar. Serina was on the first SIRIM Working Committee for MS1525:2001 and a founding member of the Green Building Index (GBI) and is part of the GBI Accreditation panel. Ar. Serina lectures on Rethinking Sustainability and is a working member on the formation of the Township Green Building Index tool and reference guides for Malaysia.

MODERATOR PROFILES
