Promoting the adoption of Sustainable Energy Practices across all industries and sectors

Since its inception in 2018, the NEA has increased industry participation and understanding of sustainable energy practices that adhere to global standards.

The award aligns with Malaysia's vision to reduce the country's reliance on carbon-based fossil fuels while embracing alternative renewable energy resources with the following objectives:

I

To identify Malaysia's organisations with the best sustainable energy practices to represent the country at Asean Energy Awards (AEA)

II

To encourage the adoption of sustainable practices across all industries and sectors to drive Malaysia closer to the aspiration of net-zero GHG emissions by 2050

Participation is open to all Malaysian organisations that demonstrate the best sustainable energy practices

NEA AWARD CATEGORIES

CATEGORY 1

ENERGY MANAGEMENT

Buildings / Industries

CATEGORY 2

ENERGY-EFFICIENT BUILDINGS

Green Building / EE Designed Building
Retrofitted Building / Tropical Building

CATEGORY 3

RENEWABLE ENERGY

On-Grid / Off-Grid /
Cogeneration / Biofuels

SPECIAL AWARDS

- Energy Performance Contracting
- Institute of Higher Learning
- Sustainable Energy Financing
