SPEAKERS

Ar. Dr. Serina Hijjas

Ar. Dr. Serina Hijjas is the Director of GBI Facilitator Course, a senior practicing Architect and Director of Hijjas Kasturi Associates Sdn, an architectural practice based in Kuala Lumpur. Ar Serina graduated from Bartlett School of Architecture and University of Sydney followed by a three-year working stint with Foster & Partners. Ar Serina is current Vice President of Malaysia Green Building Council (malaysiaGBC). Ar. Serina was on the first SIRIM Working Committee for MS1525:2001 and a founding member of the Green Building Index (GBI) and is part of the GBI Accreditation panel. Ar. Serina lectures on Rethinking Sustainability and is a working member on the formation of the Township Green Building Index tool and reference guides for Malaysia.

Dr. Tan Sie Ting

Dr. Tan Sie Ting is currently delivering professional sustainability consultancy services in a wide number of projects pursuing local and international green certifications. Dr. Sie Ting holds several green building professional credentials included LEED Accredited Professional, GBI Facilitator, GreenRE Accredited Professional and MyCREST Qualified Professional. She is highly proficient in Sustainability Benchmarking, Carbon Footprint Assessment. Dr. Sie Ting obtained a Doctor of Philosophy (Ph.D) in Environmental Engineering from Universiti Teknologi Malaysia (UTM) with more than 20 international journal publication and awards. She is currently a board member of Malaysia Green Building Council.

Arina Kok

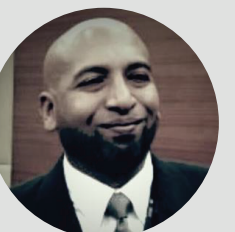

Arina is a Partner and the Malaysia Climate Change and Sustainability Services (CCaSS) Leader in Ernst & Young Consulting Sdn Bhd. She is also the EY Asean Integrated Reporting subject matter expert. Arina assists clients to integrate sustainability into long-term strategic and operational plans to create lasting value, enhance reputation and build public trust. Her experience is primarily in sustainability consulting, ESG strategy, due diligence, framework development, outcome measurement and stakeholder management. Under Arina's leadership, EY issued the inaugural Climate Risk Disclosure Barometer 2020 Malaysia, which analyzed Malaysia's top 100 public-listed companies' reporting disclosures against the global Taskforce on Climate-related Financial Disclosures (TCFD) recommendations.

Haran Siva

Haran is Climate Bonds' Country Manager for Australia and New Zealand since 2018, and is also Senior Advisor to CBI's Asia team since 2016. He is responsible for the management and development of CBI's projects, activities and client relations in Australia and New Zealand. Haran has also worked on a number of CBI projects across the Asia-Pacific region and CBI's Green Buildings certification globally.

Prior to CBI, Haran worked in banking and professional services for over 20 years. Haran was Director at BNP Paribas' Fixed Income division in London, where he held senior origination and structuring roles to lead and execute investment and financing transactions across debt capital markets and structured finance.

Biren Murugan Mohan

Biren is a veteran banker and project manager with 20 years of experience in the Malaysian market local, regional and global institutions. His core competencies include corporate and commercial lending, mergers & acquisitions, new market entry and pre/post-listing management.

Having worked at incremental levels in the Malaysian banking sector for most of his career, he has built significant stakeholder relationships across private and public industry and government entities. Biren's consistently demonstrates a focus on end-to-end stakeholder value, an ability to coordinate large projects and expertise in navigating deals through the challenging Malaysian marketplace.

Cindy Soo Yoke Leng

Cindy is a Managing Director, Regional Debt Capital Markets at CIMB Investment Bank Berhad (CIMB) specialising in the origination and execution of bond/Sukuk transactions in Malaysia as well as cross border bond/Sukuk transactions originating from Malaysia and Indonesia. She has more than 20 years' experience in the Ringgit and non-Ringgit, conventional and Islamic debt capital markets by advising and managing a wide variety of landmark bond/Sukuk transactions by Sovereigns/ Quasi-sovereigns and top corporates. Such transactions encompass general corporate issuances, project financing, Green and other ESG-themed financing, consent solicitation and liability management exercises. Prior to joining CIMB, Cindy had accumulated more than 6 years of Corporate Banking, Loan Syndication and Debt Restructuring at a Malaysian financial institution.

Henry Lew Kah Seng

Henry leads a team in providing financing solutions to corporate customers in contract financing and development projects. He has 22 years of banking experience in a few local and foreign banks and was instrumental in financing the construction and refurbishment of some government and private owned projects. Passionate about green financing, he had the opportunity to assess the financing of bio-gas plant projects in Malaysia and projects that enabled some customers to switch to greener energy production and usage.

Henry holds a B.Sc in Economics from London School Of Economics, UK. He is also a Certified Credit Professional.

Azmir Abdullah

Azmir started his career in CIMB under the flagship management trainee programme "The Complete Banker" in 2009. Prior to his current Business Development role in Islamic Commercial Banking for the past 2 years, he had a diverse exposure of 10 years in the frontline with CIMB Corporate Banking as well as CIMB Private Banking. Azmir had obtained a certificate of Certified Expert in Sustainable Finance from the Frankfurt School of Finance & Management in Q1'21. He was instrumental in structuring the CIMB GreenBizReady proposition which was launched in Feb'21, a one-stop sustainability solution for companies by leveraging on unique offerings of various associates such as MIDA, MGTC, MATRADE, SIRIM, PFAN, etc.

MODERATOR

Mr. BK Sinha

BK Sinha has over 35 years' experience in the development and management of Environmentally Compliant Projects and Services, in particular Waste to Renewable Energy Projects. The combination of his experience and wealth of knowledge is fuelled by his deep-rooted passion for the emergence of truly sustainable developments in this region; with full Circularity.

BK Sinha is Council member of Malaysia Green Building Council (malaysiaGBC) 2021/2023; an established member of the World Green Building Council (WorldGBC) that has about 70 countries globally as members. The WorldGBC operates through 5 regions. Our region is Asia Pacific Network (APN) of the WorldGBC and BK Sinha recently completed his 2 year appointment as the Regional Vice Chair in 2019.

Join us today, let's move towards sustainability together
