# Distinguished Speakers

## **Pn. Hamidah Abdullah**

Hamidah has valuable knowledge and experiences turning timbers into valuable products. She represented Malaysia and the timber industry in communicating strategic plans to ensure the sustainability of the timber industry without sacrificing the beautiful Malaysian forest. Respected by her peers for commitment to excellence, long-term vision, and demonstrated strong cross-functional team leadership and influencing ability.

## **Dr. Geetha a/p Ramasamy**

Geetha is a Research Officer at Forest Research Institute Malaysia (FRIM). She began her career in FRIM in 2019. Geetha pursued her research in life cycle assessment (LCA) and carbon accounting for timber industry. She currently pioneering LCA project for the Peninsular Malaysia's timber industry. She is also a committee member in climate change study (JKKPI) in FRIM.

## **Charmaine Chee**

Charmaine is an advocate for a climate+ and nature+ world. After over a decade in the financial services sector, Charmaine pursued a career in sustainability starting with a role in Corporate Governance & Sustainability at the stock exchange, followed by a CSR lead role. She was a member of the World Wide Fund for Nature (WWF) Asia Sustainable Finance team before joining FSC Malaysia in October 2020. As Country Director of FSC Malaysia, Charmaine plays a key role as an ambassador of FSC, leading the implementation of its global strategy at the national level. She believes in the potential of sustainable timber (#FSC-certified) in future-proofing the building and construction sector and contributing to net-zero goals.

## **Ir. Ahmad Idzihar bin Supaat**

Ir. Ahmad Idzihar is a registered professional mechanical engineer with more than 25 years experience as a consultant in the building industry. He is the managing director of Exergy CX Sdn Bhd an Environmentally Sustainable Design Consultancy based in Kuala Lumpur. He is also a registered Green Building Index Facilitator. Ir. Ahmad Idzihar is a past president of Malaysia Green Building Council for the 2016-2017 term. He often lectures on various Energy and Sustainability topics for malaysiaGBC.
