GREEN BUILDING TOUR TO MERCEDES-BENZ CYCLE & CARRIAGE

SPEAKER

Ar. Shyuan Kuee

She is a renowned architect with a passion for sustainable design. With a background in prestigious institutions like the University of Sheffield and The Bartlett, UCL, she has a strong foundation in architectural principles. Her extensive experience working at renowned firms like Foster + Partners has honed her skills and broadened her global perspective.

Ar. Kuee is a recognized leader in the field, serving as a Council Member of the Malaysia Green Building Council (MGBC) Northern. She has received numerous awards for her contributions to sustainable architecture, including the Leadership in Sustainability Gold Award and the Low Carbon City Award.

Her expertise lies in creating sustainable and innovative architectural solutions. She has successfully designed numerous green buildings and has been recognized for her work in various categories, from commercial to residential projects.

Beyond her professional accomplishments, Ar. Kuee is actively involved in giving back to the community through pro-bono projects and speaking engagements. She inspires others to embrace sustainable practices and create a greener future.

Join us today, let's move towards sustainability together
